Beautiful 5 Bedroom Family Home

Our Delta 244 design is a custom designed 5-bedroom home with the whole family in mind.

Featuring 5 spacious bedrooms, Chefs kitchen with walk in pantry, open plan living / dining area opening to the alfresco, the master bedroom features an enormous walk-in robe and spectacular ensuite, there is an activity room as well as a media room at opposite ends of the home for those times you just need some alone time.

The back yard has more than enough flat space for the Kids, Pets, Trampoline, Pool and a Bali Hut, the list is endless!

The home has been custom designed to suit the lot perfectly and with the land due to register any day now construction can begin almost immediately.
